### **HAVE A POLITICALLY CORRECT INTERVAL**

The standard 'Merry Christmas & Happy New Year', after it has been redesigned by our Investment Committee, passed the Socially Responsible Investment filter, been cleared by Compliance and carries the benefit of input from Legal Counsel:

“Best wishes for an environmentally conscious, socially responsible, low stress, non-addictive, gender and carbon neutral, winter solstice holiday, practiced within the most joyous traditions of the religious persuasion of your choice, but with respect for the religious persuasion of others who choose to practice their own religion as well as those who choose not to practice any religion at all; plus, a fairly taxed, fiscally successful, personally fulfilling, and medically uncomplicated recognition of the generally accepted calendar year 2008, but not without due respect for the calendars of choice of the other cultures whose contributions have helped make our society great, without regard to the race, creed, color, religious, or sexual preference of the wishees.”

Disclaimer: This greeting is subject to clarification or withdrawal. It implies no promise by the wisher to actually implement any of the wishes for him/herself or others and no responsibility for any unintended emotional stress these greetings may bring to those not caught up in the holiday spirit.
